

CONCRETE NOTICE

CONTRACTORS AND RESIDENTS

The Service Department issues separate concrete permits for driveway aprons and city sidewalks.

If your job scope entails such work, you must first obtain those permits and return to the Division of Building with your payment receipt.

(The Service Department is also located on this floor of City Hall)

Anyone requesting a driveway permit for Big Creek Parkway, Nethersole Drive or Brookside Parkway must also obtain a no-cost permit from Cleveland Metroparks.

(Please contact Stephanie Kutsko at 216-635-3240)
